*"See why we are the children's portrait specialists! Anything else is a compromise."*

**Baby Plan - Reg. \$495**

**Only \$89** (Save \$406!)

**Limited Time Only!!**

*Expires October 31, 2010*

We know how much joy a new baby brings to parents. The changes a baby makes over the first year is incredible - changes in appearance, personality, and development. We don't want parents to miss a thing. So, we designed our "Baby Plan". Our plan is simple; a wonderful collection of your four favorite 4x5 portraits to be taken at the stages of 3 months, 6 months, 9 months, and 12 months. Your child's portrait collection will be delivered in a beautiful 24"x7½" pink or blue portrait panel after the 12 month session. **You must see it!** We will make this special offer available to you for only \$89 for the whole year of baby photography. The \$89 includes four "incredibly fun" studio sessions, the four-portrait collection (you pick one of your favorites from each session), and the baby panel. This is a savings of \$406 off our regular studio prices for this item.
